CONDITIONS OF APPROVAL

1. The right holder shall make full beneficial use of right 65-1979 for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when right 65-1979 is not available or is not reasonably sufficient to irrigate the place of use authorized under this right.
2. Diversion and use of water with a temperature greater than 85 degrees Fahrenheit is not authorized under this right.
3. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.

WATER RIGHT NO. 65-13986

4. If right 65-1979 is abandoned, forfeited, sold, transferred, leased or used on any other place of use, this right to divert ground water shall not be used without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.
5. After specific notification by the Department, the right holder shall install a totalizing flow meter to measure the amount of water diverted and shall annually report the amount of water diverted to the Department as directed.
6. This right when combined with all other rights shall provide no more than 3.0 afa per acre at the field headgate for irrigation of the place of use.
7. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor exceed a combined annual maximum diversion volume of 251 af at the field headgate for the place of use.
8. Rights 65-13986 and 65-1979 when combined shall not exceed a total diversion rate of 6.24 cfs and the irrigation of 312.0 acres.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 8th day of February, 2012.
