1. Proof of application of water to beneficial use shall be submitted on or before **February 01, 2014**.
2. Subject to all prior water rights.
3. Domestic use is for 1 home.
4. A fish screen of 1/4 inch or smaller mesh shall be installed and maintained at the point of diversion.
5. The approach velocity at the point of diversion shall not exceed 0.5 feet per second.
6. Water shall not be diverted under this right when flows in the Coeur d'Alene River are below minimum flow amounts as defined by Right 94-7341. The right holder shall be responsible for monitoring the daily flow of the Coeur d'Alene River using real-time data and shall cease diverting water when flows in the Coeur d'Alene River are below established minimum flow amounts. Unless otherwise specified by the Director of the Department of Water Resources, data from the U.S. Geological Survey Cataldo gauging station, No. 12413500, may be used for purposes of determining the daily flow amounts.
7. The point of diversion for this water right is on land currently owned by the Idaho Department of Lands and access is granted under a 25 year easement, Term Easement No. 5846, approved December 8, 1994. This water right is contingent upon the water user maintaining a valid easement.
8. This right does not grant any right-of-way or easement across the land of another.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Coeur d'Alene, this 26 day of January, 2012.

RE: Permit No.94-8529

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

The Department will send you a 'Proof Due Notice' approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

Please note that a separate stream channel alteration permit must be obtained from the Department prior to any activity in the stream channel other than construction or maintenance of the diversion structure for your water right(s). Applications for stream channel alteration permits must be filed at least sixty days prior to the commencement of work in the stream.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-762-2800.

Sincerely,

A handwritten signature in black ink, appearing to read "Eric Davis". The signature is stylized with a cursive script.

Eric Davis

Sr. Water Resource Agent

Statement of Available Procedures and Applicable Time Limits

RESPONDING TO PRELIMINARY ORDERS ISSUED BY THE IDAHO DEPARTMENT OF WATER RESOURCES (To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Eric,

Take a look at this language and let me know what you think. Also, if you have contacts at Dept of Lands, go ahead and run it past them.

The point of diversion for this water right is on land currently owned by the Idaho Department of Lands and access is granted under a 25 year easement, Term Easement No. 5846, approved December 8, 1994. This water right is contingent upon the water user maintaining a valid easement.

This application has the diversion on IDL land. The easement is for 25 years. Should we have a special condition on this one. The permit would be in the name of the applicant?

STATE OF IDAHO

TERM EASEMENT NO. 5846

THIS INDENTURE, made this 8th day of December, 1994, by and between the STATE OF IDAHO, Department of Lands, 1215 W. State Street, P.O. Box 83720, Boise, Idaho 83720-0050 acting by and through the State Board of Land Commissioners, as party of the first part (Grantor), and **ROY SUNDSTROM and DONNA SUNDSTROM, husband and wife, HC1, Box 289, Kingston, ID 83839**, as party of the second part (Grantee);

WITNESSETH: That for and in consideration of the sum of TWO HUNDRED FIFTY and no/100ths DOLLARS (\$250.00), lawful money of the United States of America, receipt whereof is hereby acknowledged, the Grantor does hereby grant to the Grantee an easement for the purpose of constructing, using, and maintaining a buried water pipeline over and across the following described lands situated in **SHOSHONE COUNTY**, State of Idaho, to-wit:

A strip of land ten (10.00) feet wide, being five (5.00) feet on each side of the following described centerline:

Commencing at the northwest one-sixteenth (1/16) corner of Section 9, Township 49 North, Range 2 East, B.M.; thence South 208.00 feet along the west boundary of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 9 to a point, said point designated as Point A on the map attached hereto and made a part hereof, said point also being the REAL POINT OF BEGINNING; thence South 69°30'00" East, 148.00 feet; thence South 81°30'00" East, 85.00 feet; thence South 89°30'00" East, 109.00 feet; thence South 71°30'00" East, 69.00 feet; thence North 75°00'00" East, 64.80 feet to a point on an unnamed creek, said point being the water inlet for the pipeline and the terminus of said easement, the above described area containing 0.11 of an acre, more or less.

Subject to the following terms:

The boundary lines of said easement shall be prolonged or shortened to begin on the property lines and end where said waterline joins the unnamed creek.

It is fully understood and agreed that if any future road construction or reconstruction affects the pipeline it shall be the sole responsibility and expense of the Grantee for removing, relocating, and reinstalling of said pipeline necessitated by such construction or reconstruction. The Grantee agrees to move the pipeline within ninety (90) days after receiving written notice from the Grantor that new construction or improvements are planned.

The Grantee shall comply with all state laws and with all rules and regulations of the State Board of Land Commissioners pertaining to watershed protection and with the Stream Channel Protection Act as designated in Chapter 38, Title 42 of the Idaho Code.

The Grantee shall indemnify and hold harmless the State of Idaho and its representatives against and from any and all demands, claims, or liabilities of every nature whatsoever, arising directly or indirectly from or in any way connected with the use authorized under this easement.

The Grantor reserves to itself, its successors and assigns, all timber, present and future, within the easement area.

Upon termination or abandonment, the Grantee shall have six (6) months from the date of receipt of the final notice to remove all facilities or improvements.

All underground facilities will be abandoned in place upon mutual agreement of Grantee and Grantor.

The pipeline must be buried at least two (2.00) feet deep.

This easement is issued by the authority of the Rules for Easements on State Land (IDAPA 20.18) dated September 9, 1986.

If the easement is not used for the specified purpose for any five (5) year period, the Grantor may declare, in writing, such easement forfeited and the use of the lands shall revert to the Grantor or to the record owner of the lands.

If the easement is not used for the specified purpose within five (5) years from the date the easement is issued, then in such event the said lands so granted shall automatically revert to the Grantor without any further action required by Grantor.

This easement shall be effective upon execution and shall continue for a period of twenty-five (25) years subject only to the terms and provisions of this easement.

Application For Permit No. 94-8529

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the SHOSHONE NEWS PRESS on 12/15/2011 and 12/22/2011. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Eric Davis
Sr. Water Resource Agent

Re: 94-8277

Dear Mr. Sundstrom:

We have reviewed your Notice of Claim. The date of priority is listed as October 2, 1972. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used regardless of who owned the property. If the priority date of your claim is incorrect then you can correct the date and return the claim to our office. If the use of water was started after May 20, 1971, then an application for a permit to use the water needs to be filed.

Sincerely,
