Ray, Dave – No, we never signed. But we've orally agreed. I vaguely recall in at least one of the settlements, one of the steps is to present a stipulation to the court. I'm not sure we need to sign anything at this point, but as Dave says, we can sign the offers of judgment if anyone thinks that's important. Alternatively, we can just execute documents as necessary as described in the offers.

Ray,

I'm not sure whether David Negri or I ever actually signed the settlement agreement. I can find no record of my having signed it, but it's possible Dave signed it for both of us. If not, I'm happy to sign, I just need to make sure I sign the right version.

David –

We have been unable to locate a copy of the settlement agreement signed by the federal agencies. Would you be able to forward a copy to me?

Thanks,

Ray

Nick,

Here are the Offers of Judgment we discussed this morning. I believe they will have everything you'll need to do SF-5s for 63-29710, 63-05220, 63-05221, 63-29764 and 63-29766. Also the settlement calls for Sf-5s so that 63-29714 and 63-29765 can be decreed as disallowed. I assume IDWR will handle those as well.

We'll take the first shot at a description of the GSA's federal reserved right. We'll also take care of filing the stipulation and motion to stay with the court as well as filing withdrawals in 63-29714 and 63-29765.

Two subcases I should have mentioned when we spoke are 63-10153 and 63-09890. We have filed late claims in both cases. I believe those claims should be able to be the basis for SF-5s. 63-0980 may be a little more complicated because the settlement calls for IDWR to license that right first. Please let me know if there's anything we need to do to start the license process.

Thanks for your help with this,

Dave
