ACTION OF THE DEPARTMENT OF WATER RESOURCES

IT IS HEREBY ORDERED that the above request for extension of time be
APPROVED and the time within which to submit proof of beneficial use
is extended to February 1, 2017.

Signed this 6th day of February, 2012.

Jeff Peppersack
Jeff Peppersack, Chief
Water Allocation Bureau

STATUS OF APPLICATION FOR APPROVAL TO DEVELOP THE MAYFIELD SPRINGS PLANNED COMMUNITY

The pre-application was received by the Growth and Development Department (GDD) on April 8, 2008. On August 28, 2008 the Application for the Mayfield Springs Planned Community was filed by Greg Johnson. The application was deemed initially complete in September 9, 2009, and the application was granted final acceptance by GDD on July 29, 2010. The required agency workshop was conducted August 6, 2010. On April 6, 2011, the Elmore County Planning and Zoning (P&Z) opened the public hearing.

Currently, we are resolving issues with Idaho Department of Fish and Game. Traffic and road issues are also being addressed with Idaho Department of Transportation, Ada County Highway District, and Mountain Home Highway District. We expect to have everything to their satisfaction by February 29, 2012. Public hearings with P&Z will then resume with their recommendation vote expected in March 2012.

Public hearings with the Elmore County Commissioners will likely start in May 2012. After an anticipated 2 or 3 hearings, their final approval is expected to be received in July or August of 2012.

Once approved by Elmore County Commissioners, engineering of the first preliminary plat, water system, sewer treatment system, etc., will start. Construction will begin as soon as economic conditions will support the development of the community.
