Monica,

The IWRB received your letter concerning the rental of WRs 74-2320 and 74-15190. The Board submitted a 10-year rental application to the WSB in 2006. That rental was advertised and subsequently protested by James Whittaker. Each year the Board has submitted a stipulated agreement which allows rental of the rights for another year. Part of that stipulated agreement is the reporting of monitoring data to Mr. Whittaker. Board staff will prepare the monitoring data and submit it to Mr. Whittaker as soon as the 2011 gage record is finalized in early March. We anticipate negotiating another stipulated agreement for the 2012 irrigation season at that time.

It is the Board's understanding that the existing rental application is sufficient at this time. If that is not the case, please let me know. We will get the stipulated agreement to you as soon as possible.

Thanks,

Morgan
