Corey,

Please find attached the revised applications for the two transfers involving Six S Ranch (PPU and Don's Place). I will also send a separate email with the maps and forward emails from Sharon that has all the water right descriptions (post transfer). Please advise if you have any questions or corrections that need to be made before I have Six S sign and re-file the amended transfers. Also, if we could please have an extension until the end of October to get the final paperwork signed and filed, that would be great.

Thanks,

Travis
