Dear Legal Notice Department:

Please publish the enclosed legal notice on the dates indicated (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before February 21, 2012. Your cooperation is appreciated.

Sincerely,

Denise Buffington
Administrative Assistant

Enclosure(s)

**NOTICE OF PROPOSED CHANGE OF WATER RIGHT
TRANSFER NO. 77648**

SIX S RANCH LLC, 1354 E SIX S RANCH RD, DECLO, ID 83323 has filed Application No. 77648 for changes to the following water rights within CASSIA County(s): Right No(s). 45-14110, 45-14112, 45-14114, 45-14116, 45-14118, 45-14120, 45-14122, 45-14124, 45-14126, 45-14128, 45-14130, 45-14132, 45-2625, 45-7021, 45-7031, 45-7024, 45-14376; to see a full description of these rights and the proposed transfer, please see www.idwr.idaho.gov/apps/ExtSearch/WRFiling.asp. The purpose of the transfer is to change a portion of the above rights as follows: Transfer proposes creating a 2,620.6 acre permissible place of use for fifteen Marsh Creek water rights and five ground water rights on property located approximately 4.0 - 6.25 miles east and 1.5 miles north - 2.0 miles south of Declo. The transfer also proposes to modify the authorized points of diversion of the fifteen Marsh Creek rights to reflect five locations where water is actually diverted from Marsh Creek. The transfer will also add an existing well, located approximately 5.3 miles east and 0.8 miles south of Declo, as an additional authorized diversion point for three of the groundwater rights (currently diverted from a combination of two existing wells located within the proposed permissible place of use). The recorded points of diversion for the two other groundwater rights, diverted from three wells (generally located along Marsh Creek, south of the proposed permissible place of use, but north and east of Albion) will be modified to reflect locations where ground water from the three wells is injected into and rediverted from Marsh Creek. In total, up to 88.64 cfs of water will be diverted from Marsh Creek via the fifteen Marsh Creek rights, and up to an additional 21.71 cfs of groundwater will be diverted via the five ground water rights to irrigate up to a combined total of 2,115.8 acres within the proposed 2,620.6 acre permissible place of use. Published in Times News, Idaho Statesman, Post Register and Lewiston Tribune on February 2nd & 9th, 2012.

For additional information concerning the property location, contact Southern Region office at (208) 736-3033. Protests may be submitted based on the criteria of Idaho Code Sec. 42-222. Any protest against the proposed change must be filed with the Department of Water Resources, Southern Region, 1341 Fillmore St, Suite 200, Twin Falls ID 83301 together with a protest fee of \$25.00 for each application on or before February 21, 2012. The protestant must also send a copy of the protest to the applicant.

GARY SPACKMAN, Interim Director
