RE: Change in Water Right Ownership; WATER RIGHTS 35-13876 AND 35-13877

Dear Property Owner:

The Department of Water Resources has received information to indicate you may be the new owner of two water rights in Bingham County. Section 42-248, *Idaho Code*, requires all owners of a water right to file notice with the Department of any change in water right ownership. Water right owners are required to report any change in water right ownership or address to the Department within 120 days of the change. Please disregard this letter if our information is not correct.

The previous owners of record for the water rights are Milton and Donald Becker. The water rights are located in Township 6 South, Range 30 East, Section 12, in the SE ¼ of the SE ¼ and provides for ground water use for domestic and irrigation. Bingham County taxlot information indicates you now own the property in question and, if so, you should file a notice of change in water right ownership. I have enclosed a Notice of Change in Water Right Ownership form for your convenience.

Please feel free to contact this office if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Monica Van Bussum". The signature is written in dark ink and is positioned above the printed name.
