RE: Notice of Change in Water Right Ownership
Water Rights: 21-7349

Dear Claimant:

On January 17, 2012 and January 27, 2012, you filed a Notice of Change in Water Right Ownership (ownership change) with the Idaho Department of Water Resources (IDWR), seeking to update the ownership records for the water rights listed above. After an initial review, we determined that you needed to provide additional evidence of ownership, specifically a copy of your 'recorded' Warranty Deed. The deed provided with your application is not recorded. Also the department will require a Warranty Deed or other evidence of ownership of the water right going into the trust as indicated above, the department cannot update their record with a Certification of Trust. Also the application attached is not complete please complete the application form and return it with proper documentation.

IDWR cannot verify ownership of the water right and cannot complete the ownership change. We are therefore returning your original ownership change and all documents attached along with the original check.

Please feel free to re-file your ownership change any time in the future when you have collected the requested documentation of ownership. Because your filing fee is being refunded, you will need to determine and provide the proper filing fee at the time you re-file the ownership change.

If you have any questions, feel free to contact me at (208) 525-7161.

Respectfully submitted,

Jonie Barg
