RE: Telephonic Conference—Parties: Attorney C Honsinger, Attorney R Stover

The conference commenced with Mr. Stover reviewing the work to sort out the water rights that were to be conveyed to the property owners at the initial lot sale. The consultant has developed maps and info which sort out the applicable WRs for the lots. The consultant will be forwarding them to Mr. Stover in the next few days. He then will forward them to Mr. Honsinger for review. If the information is satisfactory to Mr. Honsinger, the Hillsdale folks will withdraw their protest from the transfer.

A meeting was set for Friday 07/22, 10:00 AM with IDWR @ Western Office to review the maps and address remaining /next actions.
