RE: Water Right Permit No. 15-07151

Dear Permit Holder(s):

The Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license.

On June of 2000 you submitted Proof of Beneficial Use(enclosed is the form). At that time you indicated on line 6 the total CFS rate was 1.78 cfs and you submitted the corresponding fees of \$125.00. Accordingly we can at this time issue the license for only the maximum indicated by the fees paid or 2.00 CFS. Based on the Beneficial Use Exam rules IDAPA 37.03.02.50.01c. If you wish to pay an additional \$50.00 we can issue the license for the full 2.23 cfs

A license shall not be issued for an amount of water in excess of the amount covered by the examination fee. Subsequent to the examination and prior to a license being issued, the director will notify the permit holder that the licensed amount will be limited because an insufficient examination fee was paid. The permit holder will be allowed thirty (30) days after the notice is mailed to pay the additional examination fee, along with a late payment penalty of twenty-five dollars (\$25) or twenty percent (20%) of the amount of the additional required fee whichever is more. If payment is received within the thirty (30) day period, the rate or volume licensed shall not be reduced by reason of the examination fee. If payment is not received within the thirty (30) day period, the rate or volume licensed shall be limited by the original examination fee paid. For the purpose of determining advancement of priority for late fee as provided in Section 42-217, Idaho Code, fees shall not be considered as having been paid until paid in full, including any subsequent fee.

If you have any questions, please call me at 208-525-7161.
Let us know whether you wish to pay the additional fees or have us issue the license at 2.00 cfs. Sorry for not catching this earlier.

Sincerely,

Dave Carlson-IDWR-Eastern Region
