Jeff,

I don't have any problems with this Transfer.

Kevin-

Attached is a PDF of Application for Transfer 74910 for Eccles Flying Hat Ranch just west of the Airport in Hailey. It is a relatively straight forward application that has been around since 2008 (held up because of SRBA issues). Application doesn't make any changes to the diversions but proposes to adjust the current decreed PPU to adjacent ground in order to match current irrigation practices. Could you please review the application and let me know if you have any issues with this transfer? Once we've gotten your reply, we will proceed with processing of this application. Thank you!
