Subject: Valley Entertainment Group 37-22667

Corey,

Thanks for talking with me this morning about Forest Service concerns with application 37-22667 expressed in a 11/30/11 letter from Forest Service to the applicant and 'cc'd' to IDWR. You let me know that the Department had approved the application and the resulting permit is only for commercial use with the Forest Service as a joint owner.

We appreciate the speed at which the applicant, Brockway and the Department responded to our concerns. I do see that the applicant's assignment was to:

US Dept. of Agriculture	instead of to:	United States of America
Fairfield Ranger District		Sawtooth National Forest
PO Box 189		2647 Kimberly Road East
Fairfield, ID		Twin Falls, ID 83301-7976

as was identified in the letter. I would like to work with you to get the name and address of the Forest Service changed on the water right to reflect the name and address in the 11/30/11 letter at most convenient time, whether that is now or possibly when it is licensed. I'll leave that to your discretion. We briefly discussed that the Fairfield Ranger District is an administrative level of the Sawtooth National Forest so that the change being advocated is not a new owner. The headquarters of the Sawtooth National Forest is the Supervisors Office in Twin Falls. The "Rangers" in Fairfield, Burley, Ketchum and the SNRA all report to and work for the Forest Supervisor. It is the Forest Supervisor's Office that is the record repository for water rights on the Forest and this is why we look forward to consummating this change at the most expeditious time.

Please let me know if there is anything else you might need from me.

Thanks again. I appreciate your help with this matter.
