RE: Resubmittal of Water Bank Applications for Potter Water Rights.

Dear Monica:

Enclosed is a set of water bank applications that we are re-submitting for Mitchell Sorensen for two water rights that are in the name of Richard Potter. You may recall that we submitted similar applications last fall, but they were returned because of inconsistencies on the dates of the lease of the Potter farm. Mitchell has renewed his lease with Richard Potter for 2012. The purpose of these applications is to move the Potter Water Rights to another farm that Mr. Sorensen is leasing. You should find all of the necessary attachments in the application including lease documents, GIS maps, and results from the groundwater transfer tool.

If you have any questions, do not hesitate to contact me.

Best Regards,

Luke H. Marchant
