Darla,

Attached is a portion of the discharge permit from EPA regarding Billingsley Creek Ranch Idaho LLC. I believe this should satisfy condition no. 10 for 36-16868 you referred to in your letter dated December 1, 2011. When will the department be able to perform the field exam?

**Authorization to Discharge under the
National Pollutant Discharge Elimination System**

In compliance with the provisions of the Clean Water Act, 33 U.S.C. §1251 *et seq.*, as amended by the Water Quality Act of 1987, P.L. 100-4, the "Act",

**Aquaculture Facilities in Idaho,
subject to Wasteload Allocations
under Selected Total Maximum Daily Loads**

which are described in Part I of this general National Pollutant Discharge Elimination System (NPDES) permit are authorized to discharge to waters of the United States, in accordance with discharge points, effluent limitations, monitoring requirements and other conditions set forth herein.

A copy of this General Permit shall be kept at the facility where discharges occur. See Part V.F of the permit.

This permit shall become effective *December 1, 2007*.

This permit and the authorization to discharge shall expire at midnight, *November 30, 2012*.

Each permittee shall reapply for a reauthorization to discharge on or before *June 3, 2012*, 180 days before the expiration of this permit, if the permittee intends to continue operations and discharges at the facility beyond the term of this permit.

Signed this 25th day of October, 2007
