RE: PERMIT 63-11674 SUBJECT TO LICENSING

Dear Jerome

The clip to the right shows an aerial view of the permitted Place of Use (POU). I have pulled the permit for review and have found that the tax lot information identifies the permitted place of use as being in section 2 and the S½NW¼ as claimed but also extending into the N½SW¼ which was not a part of the permitted POU. Ultimately this conflict needs to be resolved but should have no significant impact on the licensing of this permit.

The next step in the process toward licensing the permit is for the department to verify to what extent the elements of that permit have been met.

You can reach me at 208-334-2190 (ask for Kelly) and we can discuss the permit and the licensing process in greater detail.

Sincerely

Kelly K Christensen
Sr Water Resource Agent
Western Region
