RE: Green- Water Right Transfer Application.

Dear Allen,

Attached is a water right transfer application involving domestic ground water right 37-12679 in the name of Joshua and Pamela Green. The transfer application seeks to correctly identify the ground water point of diversion location (domestic well on Lot 5, Stonegate Subdivision) and the ground water place of use (Lot 5, Stonegate Subdivision). Additionally, the transfer application seeks to add a ground water point of diversion, the Stonegate Subdivision HOA common well described in IDWR permit 37-20863. The Stonegate Subdivision HOA has given consent for the Greens to add the common HOA well as a point of diversion to the Green domestic ground water right (see attached letter of consent).

Also included is a check for \$200.00 to cover the transfer application fee. Please copy our office on all correspondence regarding this water right transfer application. Don't hesitate to call our office should you have any further questions or comments. Thanks for your time and assistance on this matter.

Regards,

Zach Latham, M.S., Hydrologist
