Water Permit Report 63-12366

2. R04 Use of water under this water right will be regulated by the watermaster of State Water District No. &DISTRICT.
3. 26A Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which permit holder had no control.

Remarks:

Comments:

1. CZIMMERM 10/24/1996 DIVERSION DESCRIPTION

Comment: This application replaces lapsed permit no. 63-10262. Existing springbox to storage tank to homes.

2. LGRAVES 11/5/1996 P/D & P/U LEGALS

Comment: After reviewing all the maps involved, and lining up roads, I determined that the P/D and the P/U were incorrectly listed in the N1/2 of the SW, and are actually in S1/2 of the SW. The applicant visited the office 11/5/1996 and confirmed the changes.

3. dgibson 5/3/2006 Request for Extension

Comment: Request for extension of time for filing proof received on 5/3/06. The permit had lapsed and because this request is granted, the permit is reinstated. The priority date will advance to 12/20/96 and proof is extended to 3/1/2007, based on due diligence. The permit holder was advised that this extension is the final extension that the department can approve, because the maximum 10 years for development has been reached. The permit holder will advise the other property owners that development of the water right has one year to be completed. Proof will be filed on only the lots that are able to prove beneficial use.
