RE: Right No. 67-11425

Dear Sir:

Enclosed please find the Notice of Change in Water Right Ownership. On October 6, 1993, Mr. Richard A. Kretten conveyed the property which is served by this water right to Patrick O. Ball and Martha E. Ball. Copies of the Warranty Deed and Corrected Warranty Deed are enclosed.

We believe the property described is the same property served by water right 67-11425 based upon the acreage and source of water.

Ninety-eight (98) acres were conveyed from Mr. Kretten to the Balls and approximately sixty (60) acres are irrigated from the Little Weiser River. Mr. Kretten passed away in 2010.

The Balls had submitted a claim for water right at Council on November 29, 2006, at one of the informational meetings. They presumed that the water right had been transferred to their name until they were advised approximately one month ago that the water right is still in Mr. Kretten's name.

Enclosed with this letter is the information in support of the transfer of ownership to the Balls. That information includes the following:

Warranty Deed
Corrected Warranty Deed
Aerial map showing points of diversion
Preliminary recommendation of water rights, dated 11-24-2006
Idaho Department of Water Resources SRBA Recommendation: 67-11425
