RE: Change in Ownership of Water Right Nos. 63-8431 & 63-16743

Dear Interested Party:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change.

- **Evidence of Water Right Ownership:** copy of Deed, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

Please note that the application stated water right no. 63-6743. I believe that the correct water right number is 63-16743 as it has approximately the same place of use as the other water right listed on your request (63-8431). Once you send the deed in, I will compare the place of use and verify the correct water right number at that point.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,
