CONDITIONS OF APPROVAL

1. As mitigation for the consumptive use of water under this right, the right holder shall annually lease 15.0 acre feet of storage water within Boise River storage facilities for release into the Boise River by the watermaster of Water District 63 throughout the irrigation season. The right holder is not authorized to divert water under this right until storage water is leased each irrigation season.
2. Point of diversion and place of use are located within Lot 2, Chukar Point Subdivision.
3. This right when combined with all other rights shall provide no more than 0.03 cfs per acre or more than 4.5 afa per acre at the field headgate for irrigation of the place of use.
4. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
5. Noncompliance with any condition of this right, including the requirement for mitigation, is cause for the director to issue a notice of violation, cancel or revoke the right, or, if the right is included in a water district, request that the watermaster curtail diversion and use of water.

WATER RIGHT NO. 63-12530

6. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 7th day of December, 2011.
