WATER RESOURCES
WESTERN REGION

January 19, 2011

Dear Kay

Let me first apologize for not getting this information to you sooner but I came down with the flu and then I had a death in the family so I am a little bit behind. As I had mentioned to you I had the field tilled and planted last April. Please find a copy of the bills from Cliff Fivecoat in Emmett detailing what was completed including the seed that was planted.

I hope this is sufficient to get the waters rights in place. Please call me with any questions you may have 208-939-6641.

Sincerely,

Thomas Sellin
