Dear Mr. Westra:

Following up on our telephone conversation this afternoon, enclosed find our Amended Application for Permit for additional ground water diversion for our property located at 9409 Burnett Drive, Boise, ID 83709.

I apologize for my oversight in not getting the Amended Application back to you sooner and greatly appreciate your understanding and willingness to process the Amended Application at this time and to rescind the recent Preliminary Order Voiding Application.

Again, thank you for your understanding and assistance.

Very truly yours,

Alan Herzfeld
