Subject: Change of Ownership

Conan and Jodie Feld:

On May 26, 2011, I made an attempt to contact you in regards to your ownership change, I was disconnected prior to being able to leave a voice mail, so I thought I would try email before sending a letter in the mail.

On May 10, 2010 our department received a Notice of Change in Water Right Ownership from you. On the same day a deficiency letter was mailed.

After no response your ownership change was returned on May 11, 2011 and refund was sent for \$75.00.

On May 17, 2011 our department received a copy of the recorded Warranty Deed, which was what your ownership change was missing, however the entire ownership change had already been returned unprocessed in order for your ownership change to be complete we will require the original ownership change to be returned along with the \$75.00 filing fee, which had been refunded by the department.

The department will hold your information for 30 days, if there is no response your application will be returned unprocessed. Please note that that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee.

If you have any questions please do not hesitate to contact me via email or at the phone number below.
