Dear Jerry Mackie,

Thank you so much for assisting me while I was conducting the beneficial use field examination for 79-14053. It appears that the 3 wells that were abandoned were covered under the water right 79-7208, and for this reason you may want to transfer that water right to well #1 and well #2, to prevent the risk of forfeiture for non-use.

I have attached a copy of water right 79-7208, and the link for an Application for Transfer.
