Subject: Water Right 65-3504

John,

Thank you for approving our request for an extension to avoid forfeiture of water right 65-3504. The water right authorizes domestic, stockwater and irrigation uses, however the approval letter references industrial use. If you could please clarify that the authorized uses are protected from forfeiture until February 1, 2016, rather than industrial use, I will note the file. Thanks John.
