Re: Review of Applications to Lease Water Rights to the State Water Supply Bank

PURPOSE/NARRATIVE: On November 15, 2011, we received applications to lease all of the above-mentioned water rights in their entirety to the Bank for 5 years.

AUTHORITY TO FILE: The applications were signed by the right holder.

WATER RIGHT VALIDITY: The partial decrees were issued by the SRBA in 2008.

INJURY TO OTHER WATER RIGHTS: No injury is apparent.

ENLARGEMENT OF USE: No enlargement is evident through the lease alone. Proper rental review should protect against enlargement.

LOCAL PUBLIC INTEREST:

Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES:

The leases appear consistent with conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS:

The watermaster was contacted by email and her email (attached) indicates no concerns.

Good Morning Monica,

I'm sorry I didn't get to this sooner...I've been away for a few days. Seems like no matter how hard I try the snow always burries me before I'm ready for it! :) I just finished looking up those rights and I see no problem with placing them in the Water Supply Bank. Have a Happy Thanksgiving!

Thanks,

Hi Brandi,

We received four lease applications from Jack Havlina up on Monroe Creek. He wishes to place all of water rights 67-727, 67-14274, 67-14276 and 67-14411 into the Water Supply Bank for five years. Do you have any objections or concerns about the leases? It looks like these are protected from forfeiture because they've recently been partially decreed in the adjudication. Call or email if you have questions. Thanks and have a wonderful Thanksgiving!

Monica
