Re: John Lezamiz Family LTD Partnership Transfer

Dear Mr. Jordan:

John Lezamiz Family LTD Partnership desires to transfer 18.9 acres of irrigation ground water to an existing 490.9 acre permissible place of use. The location of the permissible place of use is in Custer County near Mackay, Idaho.

The point of diversion of water right 34-10895 will be changing. The current POD is located in Township 06N Range 25E Section 6 SWNWNE and ESPA Model cell 012110. The new POD will be located at Township 07N Range 25E Section 31 NWNWNE and ESPA Model cell 011111. These two ESPA Model cells are adjacent to one another and therefore no ESPA Model analysis is required for this transfer.

Sincerely,

Greg Sullivan, M.S., E.I.T.
