Water Right License

WATER RIGHT NO. 65-22912

CONDITIONS OF APPROVAL

1. Recreation storage use is for fishing, golf course hazards & swimming.
2. The consumption of water under this right is currently attributable to the use of the same water under Right 65-2941.
3. When ordered by the Director, the right holder shall provide mitigation acceptable to the Director to offset depletion of lower Snake River flows needed for migrating anadromous fish. The amount of water required for mitigation, which is to be released into the Snake River or a tributary for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this right. Any order of the Director issued in accordance with this paragraph shall be in conformance with applicable rules allowing the right holder due process as the need for mitigation and the amount of mitigation are determined.
4. The storage of water under this right is contingent upon the certification of the dam and authorization of storage per the dam safety provisions of the Idaho Code.
5. The right holder shall maintain a means acceptable to the department to measure the amount of water entering the reservoir and the amount of water released from the reservoir.
6. The following rights are diverted through point(s) of diversion described above: 65-2941 and 65-22912.
7. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 65D.
8. Rights 65-2941 and 65-22912 when combined shall not exceed a total annual diversion volume of 100.0 af.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 28th day of November, 2011.
