Re: Change of Ownership for Water Right No(s): 79-7224

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at [www.idwr.idaho.gov](http://www.idwr.idaho.gov).

Thank you for your patience and cooperation. If you have any questions concerning the enclosed information, please feel free to contact this office.

Sincerely,

Re: Change of Ownership for Water Right/Permit No(s): 79-7224

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing your name on the above referenced water right(s). The Department has modified its records to reflect the name change and has enclosed a computer-generated report for your records. A letter sent on September 7, 2011 referred to an Assignment of Permit to add Bryan Lowe to this water right. Since that time, this right has been licensed so an Assignment is no longer needed. The Change of Water Right Ownership form we received on September 2, 2011 along with the deeds is sufficient information to add him as an owner of the water right. However, a \$25 fee will be required to do this. If the fee is not received in 30 days, Bryan Lowe will not be listed as an owner of water right 79-7224.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.
