RE: Change in Ownership Water Right No. 25-14058, 25-14060, 25-14062, 25-14064 & 25-14066

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

*** **Evidence of Water Right Ownership:** According to the documentation submitted with your application the water rights listed above would require a division of all the water rights. On August 5, 2011 the department contacted you regarding the additional fee required to complete your application. According to our conversation you were planning to amend the deed to include the entire water right(s) or do a quit claim deed for the water rights only. The department has not received a copy of the amended deed or a new deed in order to complete your application.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
