Subject: New Water Right Application

Dear Rob:

Attached for your review and approval is an application for a new appropriation of surface water from Payette Lake. This application is for domestic water supply for a new home located adjacent to Payette Lake. The actual consumptive use will be for domestic use with a diversion rate of 0.04 cfs. In addition to the domestic use, a fire protection system will be installed with the capability of producing up to 250 gpm or 0.56 cfs.

We have also submitted concurrently with this application the joint application for permit with the Arm Corp of Engineers and IDWR for installation of pumps into Payette Lake.

I appreciated your time to discuss this application and look forward to a timely approval and issuance of a permit for this project. Please call me directly with questions relating to this application or our proposed project.

Respectfully submitted,
