State of Idaho
Department of Water Resources
Water Right License

WATER RIGHT NO. 36-08481

CONDITIONS OF APPROVAL

1. Stockwater use is associated with a heifer facility.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
3. Rights 36-8481 and 36-8530 when combined shall not exceed a total diversion rate of 0.54 cfs and a total annual maximum diversion volume of 104.3 af.
4. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized points of diversion in accordance with Department specifications.
5. Prior to diversion of water the right holder shall install and maintain acceptable measuring devices at the authorized points of diversion in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 21st day of November, 2011.
