RE: Notice of Security Interest in a Water Right 22-7262, 22-13810 & 22-13811

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence adding a security interest to the above referenced water right(s) to you. The department has modified its records to reflect the security interest and has enclosed a computer-generated report for your records.

Water right number 22-13811 was also listed on the Security Interest application for Huntsman Springs who is the current owner of the water right and is covered by the legal description attached to that Security Interest application. It appears the department received payment twice for that number. A refund has been requested for check number 115601 which was receipted under number E037139 with the department. You should receive a check in the mail within a couple of weeks addressed as follows:

Callister, Nebeker & McCullough  
10 East South Temple Ste 900  
Salt Lake City UT 84133

Updating the security interest record for a water right does not reconfirm the validity of the right. When processing a security interest notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg  
Technical Records Specialist
