Re: Application for Transfer 75052 (Peter Trust) – Information Request

Chuck-

Thank you for providing the ownership information I previously requested for this transfer. The document you provided is apparently what we were looking for. Upon further review, we received some comments from the state office and also from the watermaster with regards to administration of the rights. To help answer these questions, we are requiring further information with regards to the diversion system as it relates to Part 1. Section A, 6.a. (Description of diversion system). Please provide specific details as to the system as it (will) relate to the proposed and existing POD. Also, any information regarding how the system might be tied to any other uses within the POU (e.g. how does this relate to 37-8249?). I would request you send this information within 30 days of the date of this letter.

If you have any questions regarding this inquiry, please don't hesitate to contact me.
Thank you for your cooperation.

Sincerely,

Jeffrey S. Cooper
Senior Water Resource Agent
IDWR – Southern Region
