Re: Sun Valley Ranch LLC and Spring Creek Idaho Ranch LLC AMENDED
Water Right Transfer Applications.

Dear Jeannie:

Our office submitted 6 water right transfers and one application for permit in the name of Sun Valley Ranch LLC and 9 water right transfers in the name of Spring Creek Idaho Ranch LLC on August 6th, 2009. It is my understanding a meeting was held at your office yesterday between Zach Latham of Brockway Engineering, yourself, and Jeff Cooper of IDWR. At that meeting, an agreement was reached regarding the correct re-structuring of the previously submitted water right transfer applications and the correct fees that would be required for data entry and initial application processing to continue.

Attached are 5 amended water right transfer applications in the name of Sun Valley Ranch LLC. These five applications are intended to replace the 6 previously submitted applications.

Brockway Engineering submitted 3 water right transfer applications in June of 2009 (transfer #'s 75838, 75839 and 75840) to your office in order to make a permissible place of use on a portion of the Spring Creek Ranch. Because some of the transfer applications submitted last week seek to create a PPU on a section of the Spring Creek Ranch, you and staff had suggested we combine portions of the three transfers that have been data entered with those recently submitted. We have done so and those 5 amended water right transfer applications are attached in the name of Spring Creek Idaho Ranch LLC, as well as 2 checks to cover the cost of the 10 transfer applications and one application for permit.

It is my understanding that initial data entry and processing of these applications will now be possible with the attached amended applications, and correct payment. Please copy our office on all correspondence dealing with these water right transfer and permit applications. Don't hesitate to give our

office a call should you have additional questions or comments. Thanks for
your time and have a great day.

Regards,
