Ms. Rushing

Please find enclosed an application to resume water use for Luis M. Bettencourt. Water Right # 36-16480

Water right 36-16479 is in the State Water Bank, therefore can not be resume for use until the year 2015. If we don't put it back into the state water bank we will re-file for resumption of use if you need us to at that time.

If for some reason this does not meet your approval feel free to contact me at 208-320-0897 before November 15, 2011.

If there are any questions or need additional information please contact me.
