RE: Change of Ownership for Water Right No(s). 75-7492 & 75-14721

Dear Water Right Holder(s):

On May 20, 2010 the department acknowledges receipt of correspondence changing ownership of the above referenced water right(s) to you. The department sent a deficiency letter to you on May 21, 2010; since then we have had contact off and on regarding this application. Please find attached a copy of map created by our department based on new property lines as submitted by Joie Malpass. Please review the attached map and inform the department of how to proceed with your application. In order for the department to complete your application the following items are required:

**** Assignment of Permit

**** Filing Fee

**** Evidence of Ownership

Water right number 75-7492 is in the permit stage and will require an Assignment of Permit (application enclosed) and the filing fee of \$25.00.

Water right number 75-14721 will be a split, the department has already received \$100.00 to complete this change, however the department has not received a copy of your recorded deed with the updated property lines. In order for the ownership change to be complete that deed will be required.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Sincerely,

Jonie Barg
Technical Records Specialist
