RE: Change of Water Right Ownership 35-7719
Dear Claimant:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our previous communication to you on May 19, 2009 (copy enclosed) indicated additional information is needed to process your change form. As of today, we have not received the requested information. Therefore, please consider this letter our 2nd request for the information needed to process your change. The information required is indicated below:

XXX Description of Portion of Water Right resulting from division of water right. Water Right 35-7719 is for 39 acres in the SWNW quarter of Section 20, 7S, 30E. Your Warranty Deed indicates you own all except 5 acres of this property. Unless you can submit evidence that the other party does not have an interest in this water right, we will need to split this water right. The fee to split a water right is \$100 and you already paid \$25 to change the ownership on this water right. If the water right does need to be split, you will need to submit an additional \$75.

Because the Department cannot process the ownership change without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information or fees. If we do not receive the necessary information or fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Bobby Kern

RE: Change in Ownership for Water Right No. 35-7719

Dear DRISCOLL BROTHERS PARTNERSHIP:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

XXX Description of Portion of Water Right resulting from division of water right.

Water Right # 35-7719 is for 39 acres in the SWNW quarter of Section 20, 7S, 30E. Your Warranty Deed indicates you own all except 5 acres of this property. Unless you can submit evidence that the other party does not have an interest in this water right, we will need to split this water right.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. You have already paid \$25 for changing the ownership on this water right. If we are splitting the water right, you will need to submit another \$75.

Because the Department cannot process the ownership change without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information or fees. If we do not receive the necessary information or fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Bobby Kern
