Hi Michael,

My supervisor said that I should let you know that if we do not receive the warranty deed and a check for \$25 for the ownership change by Wed. Nov. 2, 2011, that we will return the Notice of Change in Water Right Ownership form to you, and go ahead and complete the license under James Klaus's name. This will enable you more time to find the warranty deed, and submit all the required information at the same time for us to be able to complete the process of the ownership change.

Thanks,

Sandy Hemenway

How's everything going Michael,
I thought I would just touch base with you and see what the plan is.
Thanks,
Sandy

Hi Michael,

I received the Notice of Change in Water Right Ownership form, with the death certificates (of which I "blacked out" the social security numbers on each form), and assessors report, but still do need a copy of the warranty deed and a check for \$25. I printed off a copy of the aerial map, showing where the property is located, with the point of diversion and place of use, so that's all taken care of.

What I can do is go ahead and issue a license in your dad's name, and have it mailed to your address. Then when you mail in the warranty deed and \$25 check, I would be able to change it over to your name. Until that time though, I am not able to process the ownership change into your name, and members of your family.

Do you want to go ahead and have me issue the license in your dad's name to give you more time to look for the deed, or do you want me to wait?

Thanks,

Sandy Hemenway
