Mr. Knorpp:

We are reviewing the above referenced application for water right permit and have a couple of questions.

1. Do you use any water from Black Canyon Irrigation District?
2. The well log shows that the driller first found water between 48 and 51 feet and throughout the rest of the well. Your answer may be as general as "48 to 148" feet. Please fill in the blanks of this statement and return your answers to me.

The water bearing zone to be appropriated is from _____ to _____ feet.

Thank you for any response you can provide. If you have any questions, please feel free to contact me at 334-2190.

Sincerely,
