**RE: APPLICATION TO LEASE WATER RIGHT NOS. 34-7052 AND 34-7110 TO THE
WATER SUPPLY BANK; APPLICATION TO RENT WATER FROM THE WATER
SUPPLY BANK**

Dear Lessor:

The Department of Water Resources ("Department") has completed its review of your application to lease the above-mentioned water right number to the Water Supply Bank ("Bank"). The Department is returning those applications because the farm lease attached to the Bank lease applications expires on December 31, 2011. The farm lease does note the lease can be extended. If and when the farm lease is extended in January 2012, please submit the applications again so we can review them for the 2012 season. You might also consider asking the landowner and rightholder whether he is willing to renew for the 2013 season at the same time, as it would save time and money for your client and the Department, and potentially the landowner as well.

Second, we will initiate a refund for the \$250 lease application fee paid under receipt C094169. When you resubmit the lease applications, please submit them with the appropriate lease application fee of \$500 (\$250 per water right). You should also use one application form for each water right.

I am also returning the rental application. You can resubmit the rental application when you resubmit the lease applications.

Please contact me at (208) 287-4907 if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Monica Van Bussum". The signature is fluid and cursive, with a long horizontal flourish extending to the right.
