Request to Reinstate a Permit Lapsed more than Sixty Days

Statements of Completion for Submitting Proof of Beneficial Use submitted more than sixty (60) days after mailing of a lapsed permit notice must be accompanied by a Beneficial Use Field Report prepared by a certified water right examiner as the result of an examination to clearly confirm and establish the extent of the beneficial use of water established in connection with the permit during the time authorized by the permit and any extensions of time previously approved, a statement of reasonable cause for filing late proof of beneficial use, and a reinstatement application fee of \$250 per§ 42-218a(2), Idaho Code.

Statement of reasonable cause for filing a late proof of beneficial use:

The original permit to appropriate water (#11-07390) for a maximum storage volume of 49 acre feet was granted to the Trapper Trails Council, Boy Scouts of America (then known as the Lake Bonneville Council, Boy Scouts of America when the permit was filed) from Fern Creek, a tributary of Stauffer Creek on May 23, 1991. An extension was requested in April 1994 to be completed by June 1, 1996. The project was completed by fall of 1994.

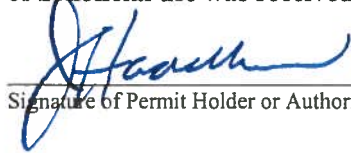

While the project was completed within the time frame set by the Idaho Department of Water Resources (IDWR), a statement of completion for submitting proof of beneficial use, including an examination by an IDWR representative, was never completed.

As the project has been complete for 17 years, the Trapper Trails Council, Boy Scouts of America seeks to reinstate the lapsed permit, submit a statement of completion, finalize the project paperwork, and receive the desired license.

Required items:

- ☒ Statement of Completion for Submitting Proof of Beneficial Use
- ☒ Beneficial Use Field Report
- ☒ Reinstatement application fee of \$250

The information contained in this statement is true to the best of my knowledge. I understand that should the department reinstate my permit that the priority date will be advanced to the day that proof of beneficial use was received.
