State of Idaho
Department of Water Resources
Water Right License
WATER RIGHT NO. 1-07011

CONDITIONS OF APPROVAL

1. The diversion and use of water for hydropower purposes under this water right shall be subordinate to all subsequent upstream beneficial depletionary uses, other than hydropower, within the Snake River Basin of the state of Idaho that are initiated later in time than the priority of this water right and shall not give rise to any right or claim against any junior-priority rights for the depletionary or consumptive beneficial use of water, other than hydropower, within the Snake River Basin of the state of Idaho initiated later in time than the priority of water right no. 01-7011.
2. A measuring device of a type approved by the Department shall be permanently installed and maintained as part of the diverting works.
3. Use of water under this right shall be non-consumptive.
4. This right does not constitute Idaho Public Utilities Commission or Federal Energy Regulatory Commission approval that may be required.
5. The diversion and use of water for hydropower purposes under this water right is subject to review by the Director after the date of expiration of Milner Project License No. 2899 (11/30/2038) issued by the Federal Energy Regulatory Commission. Upon appropriate findings relative to the interest of the public, the Director may cancel all or any part of the use authorized herein and may revise, delete or add conditions under which the right may be exercised.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 1st day of November, 2011.

GARY SPACKMAN
Interim Director
