RE: Water Right Permit 21-7593

Dear Permit Holder(s):

I previously forwarded you an Application for Amendment so that you could amend your permit from domestic use to municipal use. The field examiner that completed the field report for water right 21-7593 had specifically asked that the permit be changed to municipal use per your request. To date, I have not yet received the amendment. If I do not receive the amendment within **10 days**, I will assume that you no longer have an interest in changing the use from domestic use to municipal use and the license will be issued accordingly.

Please note that there is a **\$100.00** filing fee for this amendment. A copy of the Application for Amendment is enclosed for your convenience.

If you have any questions regarding this matter, please call me at 208/287-4944.

Sincerely,

Cherie Palmer, Sr. Water Resource Agent  
Water Allocation Bureau
