CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **November 01, 2012**.
2. Subject to all prior water rights.
3. Rights 37-21243 and 37-22661 when combined shall not exceed a total diversion rate of 2.05 cfs.
4. Place of use is within the service area of the City of Carey municipal water supply system as provided for under Idaho Law.
5. A map depicting the place of use boundary for this water right at the time of this approval is attached to this document for illustrative purposes.
6. The daily diversion volume for non-domestic uses under this municipal right shall not exceed 2,500 gallons per use and the daily diversion volume for domestic uses under this right shall not exceed 13,000 gallons per dwelling in accordance with Section 42-111, Idaho Code.
7. Irrigation of large projects such as parks, golf courses, or sports activities fields is not authorized under this right.
8. The right holder shall not provide water diverted under this right for the irrigation of land having appurtenant surface water rights as a primary source of irrigation water except when the surface water rights are not available for use. This condition applies to all land with appurtenant surface water rights, including land converted from irrigated agricultural use to other land uses but still requiring water to irrigate lawns and landscaping.
9. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.

Permit to Appropriate Water

NO. 37-22661

10. Prior to diversion of water under this right, the right holder shall install and maintain a measuring device and lockable controlling works of a type acceptable to the Department as part of the diverting works.
11. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
12. Prior to any diversion and use of water under this water right, the right holder shall (1) provide evidence of participation in a mitigation plan, approved by the director, and administered by a ground water district or other recognized organization, or (2) provide individual mitigation approved by the director.
13. In connection with the proof of beneficial use submitted for this permit, the permit holder shall also submit a report showing the total annual volume, the maximum daily volume, and the maximum instantaneous rate of flow diverted from the point of diversion authorized for this permit during the development period. The report shall also show the maximum instantaneous rate of diversion, either measured or reasonably estimated by a qualified professional engineer, geologist, or certified water rights examiner, for the entire City of Carey municipal water system. The report shall also describe and explain how water diverted under this permit provides an additional increment of beneficial use of water for the City of Carey municipal water system as opposed to an alternative point of diversion for prior water rights already held and used by the City of Carey for its municipal water system.
14. Noncompliance with any condition of this right, including the requirement for mitigation, is cause for the director to issue a notice of violation, cancel or revoke the right, or, if the right is included in a water district, request that the watermaster curtail diversion and use of water.
15. This right does not grant any right-of-way or easement across the land of another.
16. Any license issued by IDWR pursuant to the right or portion thereof for the use of trust water is subject to a term review of 20 years after the date of this approval to determine availability of water for the use and to re-evaluate the public interest at the end of the term.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 28th day of October, 2011.
