PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 96-9436

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. During my review of your proof and water right permit, I found that condition no. 5 of this permit may not have been complied with.

Condition no. 5 of this permit states:

"Prior to the diversion and use of water under this approval, the right holder shall comply with all fish screening and/or fish passage requirements of the Idaho Department of Fish and Game."

If this condition has not been met, I recommend this condition be complied with immediately and prior to the field examination. Enclosed is a copy of this permit for your information. If you have any questions regarding this condition, please contact Mary Terra Berns at the Idaho Department of Fish and Game. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Northern Regional Office of the department in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist
