CONDITIONS OF APPROVAL

1. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No.71.
2. Use of water under this right shall be non-consumptive.
3. When notified by the Department or by a watermaster with regulatory authority over this right, the right holder shall report the amount of water diverted in connection with this right. The report shall be submitted in the manner and frequency specified by the Department or the watermaster.
4. Fish propagation use is for fish protection through the installation of a deflection screen and a bypass pipe to provide passage for fish back to Champion Creek.
