James- Deseret First Credit Union is interested in transferring the name of the property rights granted to us into our name on the official records of Idaho. We will begin working on this process. Also, we would like to be included in any meetings regarding the status of the water rights.

Our records indicate that we hold the following water rights: IDWR Water Right #'s 11-7599, 11-930, 11-7601, and 11-7597.
