Re: Application for Permit No. 57-11794 and Application for Transfer No. 76740

Dear Watermaster:

Attached are copies of applications that may be of interest to you.

Please complete the necessary recommendation forms and return them to this office within the next 21 days. Your prompt response to this request is appreciated so that your recommendation can be considered during regional office review.

If the Department has not received your written recommendation within the next 21 days, the Department will presume you do not oppose approval of the applications and you have no comments for the Department to consider.

However, possible approval of the applications will include conditions of approval about standard controls for uses in your water district (lockable, measureable diversion works, etc).

Please contact this office at 334-2190 if you have any questions regarding the applications.

Sincerely,

A handwritten signature in black ink that reads "Steve Lester".
